13. Appendix 3 – parent form, withdrawal from sex education within RSE

1 Aims

The aims of Relationships and Sex Education (RSE) at the PRU are to:

- Promote a culture of safeguarding so that pupils understand what positive relationships look like and what parts of their body are private
- Provide a framework in which sensitive discussions can take place
- Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help pupils develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach pupils the correct vocabulary to describe themselves and their bodies

We are committed to providing a balanced and holistic approach to our curriculum which aims to support the academic, cultural, personal and social development of all of our pupils. This policy supports that aim and is an essential part of a child's education and will contribute to their personal and social development, and equipping them to develop the skills and understanding to live healthy and independent lives.

The PRU will consider how best to deliver its RSE curriculum taking into account the needs of pupils who are placed with us on both a dual registered basis and those who are with us full time (for example because of a permanent exclusion) so that all essential areas are covered, taking into account any overlap with mainstream schools where a pupil is dual registered with the PRU.

Please note:

Current RSHE guidance is under review and the policy will be amended subject to any new statutory changes.

2. Statutory requirements

As a maintained PRU we must provide relationships education to all pupils as per section 34 of the [Children and Social work act 2017](#).

However, we are not required to provide sex education but we do need to teach the elements of sex education contained in the science curriculum.

In teaching RSE, we must have regard to [guidance](#) issued by the secretary of state as outlined in section 403 of the [Education Act 1996](#).

At the PRU we teach RSE as set out in this policy.

3. Policy development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

1. Review – the PRU lead teacher for PSHE pulled together all the relevant information including local and national guidance, consulting with the PRU Operations Manager about policy development
2. Staff consultation - PRU staff were given the opportunity to look at the policy and make recommendations
3. Parent/stakeholder consultation – parents and members of our Management Committee were invited to review the draft policy and offer comments

4. Ratification – once amendments were made, the policy was shared with the Management Committee and ratified

4. Definition

RSE is lifelong learning about personal, emotional, social and cultural development of pupils. It involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity. It is taught as both discrete lessons, in the wider context of the social and emotional development and as well as elements that are covered within our science curriculum.

RSE involves a combination of improving awareness, sharing information, and exploring issues and values. RSE is **not** about the promotion of sexual activity.

5. Curriculum

Our curriculum is set out as per Appendix 1 but we may need to adapt it as and when necessary to suit the needs of our pupils at the time.

Elements of RSE is covered within the PSHE curriculum and the statutory biological elements of the national curriculum are covered within our science lessons.

We have developed the curriculum in consultation with parents, our Management Committee and staff, taking into account the age and needs of pupils, who are referred to the PRU with a number of complex social emotional and mental health needs. If pupils ask questions outside the scope of this policy, PRU staff will respond in an appropriate manner using their professional judgement as to whether to answer the question or not, and then communicate with parents/carers regarding information they may or may not wish to share with their child in more detail at home. The PRU can also suggest further reading and agencies to help parents with specific questions if it is deemed necessary for that pupil.

6. Implementation of RSE within the PRU

At the PRU we believe that RSE is an integral part of the PSHE curriculum. Biological aspects of RSE are taught within the science curriculum, and other aspects are included in religious education (RE). RSE is delivered at an appropriate level for our pupils and the content, delivery and supporting material takes into account age, pupils with special needs and also recognise that pupils at the PRU have complex needs.

Discrete RSE lessons are taught by the PRU class teachers who provide appropriate and engaging activities which are set at an appropriate level for the child. Pupils are normally grouped according to key stage, but adjustments can be made when discussing what is appropriate for not only the age of the pupil, but the maturity and what that individual pupil requires to meet their need.

Biological aspect of puberty and the changes that are experienced throughout are taught within the science curriculum, but if it is deemed necessary for a group of pupils, then the curriculum will go above and beyond statutory parts of the biological curriculum, and include primary sex education. These elements are also outlined in Appendix 1.

All RSE lessons are delivered sensitively, with opportunities for group discussion which will be led by the class teacher. Prior to the lessons, ground rules will be established to create a safe environment, taking into account pupils own possible experiences. Class teachers will use their knowledge of their class to ensure that questions are handled carefully, and will protect their pupils' privacy in all ways possible by using distancing techniques, where this is relevant.

At the PRU we aim to deliver a positive and open view of relationships and sex education, supporting sexual self-acceptance. In line with our Equality Policy, we believe that our RSE curriculum should be empowering for all pupils regardless of gender, gender identity, sexuality,

ethnicity, faith ability, cultural background and disability. It also must promote gender as well as LGBT equality, and challenge all discrimination as well as ensure that our pupils understand that there are a variety of relationships and family patterns in the modern world.

Relationships education focuses on teaching the fundamental building blocks and characteristics of positive relationships including but not limited to:

- Families and people who care for me
- Caring friendships
- Respectful relationships
- Reciprocal relationships
- Online relationships
- Being safe

For more specific information about our RSE curriculum, see Appendices 1 and 2.

These areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

We recognise that from time to time sensitive issues will be raised by pupils. At the PRU we recognise that it is important that all PRU staff are aligned regarding their response. Parents and carers should be reassured that the personal beliefs of PRU staff will not influence the teaching of RSE. Such issues may include but not be limited to topics around abortion, safe sex, homophobic bullying and different family set ups. It is important to acknowledge that pupils will hear these terms and do need to be able to ask questions. Responses will be appropriate to the child's age, level of maturity and learning needs, and will be based upon factual information. Classroom staff will use their professional judgement as to whether the response is appropriate for a whole class, a small group or on an individual basis. Responses may also be deferred to give PRU staff opportunities to have discussions with parents, and other staff members about how best to reply, and allow parents the opportunity to deal with sensitive issues at home or at a later date. Detailed lesson planning will clearly state the content of lessons and the PRU lead learner and SLT can be consulted for advice as needed. Questions from pupils will always be treated with respect and PRU staff will use their knowledge about the child, and be sensitive to any underlying concerns.

7. Roles and responsibilities

7.1 The Management Committee

The chair of the Management Committee will approve the RSE policy and hold the Executive Headteacher to account for its implementation or delegated authority on behalf of the committee.

7.2 The Executive Headteacher

The Executive headteacher is responsible for ensuring that RSE is taught consistently across the PRU and for managing requests to withdraw pupils from the non-statutory elements of the RSE curriculum.

7.3 Staff

Staff are responsible for:

- Delivering RSE in a sensitive way

- Modelling positive attitudes to RSE
- Monitoring progress
- Responding to the needs of individual pupils
- Responding appropriately to pupils whose parents wish them to be withdrawn from the statutory components of RSE curriculum in liaison with SLT
- Responding to the parents of those pupils who wish them to be withdrawn from the non-statutory components of RSE in liaison with SLT.

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with SLT. All teachers will have a responsibility to teach RSE. If training needs are identified, then teachers will be given the opportunity to attend suitable training, along with support from SLT and the PSHE lead.

7.4 Pupils

Pupils are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

8. Parents' right to withdraw

Parents and carers do not have the right to withdraw their children from relationships education.

However, parents and carers of pupils in Key stage 2 do have a right to withdraw their child from the non-statutory part of the RSE curriculum. The non-statutory parts are clearly outlined in Appendix 1. Any parent or carer who wishes to withdraw their child should, in the first instance, contact the PRU to discuss the matter. Requests for withdrawal should be put into writing using the form in Appendix 3 of this policy and addressed to the head teacher. Alternative work will be given to pupils who are withdrawn from sex education by a parent or carer.

9. Training

Staff are trained on the delivery of RSE as part of their professional development. Training may be through the PSHE lead, SLT or external providers.

If appropriate, SLT will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

10. Impact and progression monitoring of RSE

The delivery of RSE is monitored by the PSHE lead, senior teachers and SLT. The nominated member of the Management Committee will also monitor how PSHE is taught within the PRU. Arrangements include:

- Pupil progress discussions
- Learning walks and observations
- Teacher meetings
- Sharing of learning

Pupils' development in RSE is monitored by class teachers as part of our internal assessment systems.

This policy will be reviewed on a three yearly basis by the Executive Headteacher and approved by the Management Committee.

Appendix 2: By the end of primary school pupils should know

TOPIC	PUPILS SHOULD KNOW
Families and people who care about me	<p>That families are important for children growing up because they can give love, security and stability</p> <p>The characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives</p> <p>That others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care</p> <p>That stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up</p> <p>That marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong</p> <p>How to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed</p>
Caring friendships	<p>How important friendships are in making us feel happy and secure, and how people choose and make friends</p> <p>The characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties</p> <p>That healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded</p> <p>That most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right</p> <p>How to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help or advice from others, if needed</p> <p>Note: Marriage in England and Wales is available to both opposite sex and same sex couples. The Marriage (Same Sex Couples) Act 2013 extended marriage to same sex couples in England and Wales. The ceremony through which a couple get married may be civil or religious.</p>

TOPIC	PUPILS SHOULD KNOW
Respectful relationships	<p>The importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs</p> <p>Practical steps they can take in a range of different contexts to improve or support respectful relationships</p> <p>The conventions of courtesy and manners</p> <p>The importance of self-respect and how this links to their own happiness</p> <p>That in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority</p> <p>About different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help</p> <p>What a stereotype is, and how stereotypes can be unfair, negative or destructive</p> <p>The importance of permission-seeking and giving in relationships with friends, peers and adults</p>
Online relationships	<p>That people sometimes behave differently online, including by pretending to be someone they are not</p> <p>That the same principles apply to online relationships as to face-to face relationships, including the importance of respect for others online including when we are anonymous</p> <p>The rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them</p> <p>How to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met</p> <p>How information and data is shared and used online</p>
Being safe	<p>What sorts of boundaries are appropriate in friendships with peers and others (including in a digital context)</p> <p>About the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe</p> <p>That each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact</p> <p>How to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know</p> <p>How to recognise and report feelings of being unsafe or feeling bad about any adult</p> <p>How to ask for advice or help for themselves or others, and to keep trying until they are heard</p> <p>How to report concerns or abuse, and the vocabulary and confidence needed to do so</p> <p>Where to get advice e.g. family, school and/or other sources</p>
